25X1A This [REDACTED] document is in three sections, as follows:

1) 1-page letter, dated 2 October 1951, from LHM/Hettstedt Main Department for Labor, Hettstedt to the Berlin branch office of the Department for Raw-Materials Administration, in which the former requests a list of the street addresses, telephone numbers, telegram addresses, extension numbers, etc., of all offices with which the Department for Raw-Materials Administration has dealings in connection with supply matters.

2) 6-page list, dated 8 October 1951, prepared by the Department for Raw-Materials Administration, Hettstedt, for the Main Department for Labor. This list is in conformity with the latter's request, dated 28 September 1951, for a list of the addresses of the most important offices with which the Department for Raw-Materials Administration maintains contact. Information supplied includes the street addresses, telegram addresses, and telephone numbers for the following: a) key personnel (example: Trofimov, director) in the Administration of Soviet property in Berlin-Weissensee; b) key personnel in the Central Supply Office of the Main Administration for SAG's (Soviet Corporations), Berlin-Weissensee; c) personnel in the Technical Department for Metallurgy, State Secretariat for Materials Procurement, State Planning Commission, Berlin; d) personnel in the Main Administration for Metallurgy, Ministry of Heavy Industry; e) Berlin office of the Ministry of Machine-Building and Electrical Products; f) Berlin offices of the German Trade Centers for Metallurgy, Wood, and Coal; g) personnel in the People-Owned Trade Center, Berlin; h) office of the German Trade Center for Machines and Tools, Halle/Saale. [The connection, if any, between this and item 1) is not clear.]

3) 1-page memo, dated 20 September 1951, from the Main Department for Labor in Hettstedt to the following departments: Sales, Purchasing, Raw-Materials Administration, Accounting, and Technical. A list is requested of the street and telegram addresses of the firms with which the departments have most of their dealings, so as to facilitate the work of the foreign exchange and mail distribution offices.
